

Solidtraining

Solidtec Solutions offers SolidWorks, Simulation, Collaboration and PDM training courses in more formats than any other reseller in the country. Choose from classes held at a local facility, online courses or call us for a course tailored specifically to your requirements.

Whichever option you choose, you're guaranteed the best possible education from our experienced staff of knowledgeable, certified professional engineers.

Courses available from Solidtec

SolidWorks 3D CAD

- SolidWorks Essentials – 4 days
- SolidWorks Advanced Part Modelling - 2 days
- SolidWorks Advanced Assembly Modelling – 2 days
- SolidWorks Sheetmetal – 1 day
- SolidWorks Weldments – 1 day
- SolidWorks Drawings – 2 days
- SolidWorks Surface Modelling - 2 days
- SolidWorks Routing Electrical – 2 days
- SolidWorks Routing Piping and Tubing – 2 days
- SolidWorks File Management – 1 day
- SolidWorks Mold Design – 2 days

3DVIA Composer

- 3DVIA Composer – 3 days

SolidWorks Simulation

- SolidWorks Simulation – 3 days
- SolidWorks Simulation Professional – 1 day
- SolidWorks Simulation Premium Nonlinear – 2 days
- SolidWorks Simulation Premium Dynamics – 2 days
- SolidWorks Motion – 2 days
- Flow Simulation – 2 days

Product Data Management

- SolidWorks Workgroup PDM Contributor – 1/2 day
- SolidWorks Workgroup PDM CAD Editor – 1/2 day
- SolidWorks Enterprise PDM Contributor – 1/2 day
- SolidWorks Enterprise PDM CAD Editor – 1/2 day
- Administering SolidWorks Enterprise PDM – 2 days
- API Fundamentals of SolidWorks Enterprise PDM – 2 days
